# PENALTIES

A person who commits an offence or fails to comply with the regulations made under the Act is liable on conviction:

- If the person is an individual - to a fine not exceeding 1,000,000 VT or imprisonment for a term not exceeding 1 year or both; or
- If the person is a corporate body - to a fine not exceeding VT3,000,000; or
- If the person is a partnership - to a fine not exceeding VT5,000,000.

The Regulations made under the Act provides legal control over the importation of electrical appliances, equipment's and lighting products (listed in schedules 1 & 2) into Vanuatu to establish Minimum Energy Performance Standards (MEPS) and Energy Labelling.

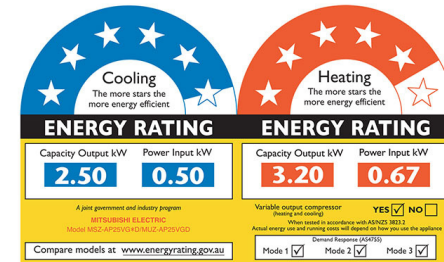

## ENERGY LABELLING REQUIREMENTS

### Labelling of products

- (1) A person must not sell or let for hire a product unless;
  - (a) the product has an energy label meeting the standard requirements
  - (b) the brand and model of the product has been registered with the Regulator
  - (c) the energy label is affixed to the front of the product and clearly visible.

- (2) A person must not affix or display a label relating to energy efficiency or energy consumption on a product unless that label meets the standard requirements

- (3) A person who advertises a product by media must ensure that an image of the energy label of the product appears on the advertisement.

# The Process of VeSW E-Registration

Follow this diagram below, to import an electrical appliance,
